

## NUMEROLOGY REPORT

The information contained in this report examines the vibration of numbers that are determined by both the birth date (which can't be changed) and the names used. In Madisun's example, we have her **birth name** which includes a middle name and her **usual name** which is how she introduces herself. To more easily distinguish the difference in number energies between the two, **red** and **blue** fonts are used.

## INTERPRETATION OF NUMBERS BASED ON NAME

*The Soul Number is the numeric value of all the vowels added together in the name that we go by. Soul Number: What you feel inside. Not necessarily what people see.*

**Soul Number 1**: My 1 soul is fulfilled when I have a personal victory or feel I have just won some sort of competition. When I feel I am number one at what I do, and I am treated with respect. When I have the courage to just be me, and feel completely accepted.

**Soul Number 8**: My 8 soul is fulfilled when I have financial freedom, job security, and a nice home. When I am in charge and people do as I say. When I speak the truth and see justice in a difficult situation.

*The Personality Number is the numeric value of all the consonants added together in the name we go by. Personality Number: A face you show the world.*

**Personality Number 8**: The 8 Personality appears as someone who is strong and disciplined. They carry themselves with innate dignity. The 8 has definite opinions about everything. The 8 wants to own quality things and does what it takes to attain them. The 8 will work very hard for their income. You can be stubborn and you don't like to take advice. You exude a sense of well-being and prosperity, and people respect you on sight. Some will be threatened so a kind word will put them at ease.

**Personality Number 3**: As a 3 you love dressing up. Your appearance is important to you. You're happy when you're well groomed and prepared to greet your public. Your gift is communication. The 3 Personality is someone who is witty and fun to be around. You love to give advice, and even if it's unsolicited, it's usually well received. You are a good listener (and an even better talker); and you love the telephone. In fact, conversation is a huge part of your life. But work on your mood swings; even though you snap right out of it; others don't always get over them as quickly. Bringing joy to others is what really fulfills you.

*The Destiny Number gives you a glimpse of where you are headed as time goes on. The Life Path is the course you should take; but the Destiny Number represents a big part of your future and where you will end up. Although you may modify it somewhat by altering your birth name, the Destiny Number is always the power behind any change and will express itself throughout your life.*

**The Destiny Number 9:** Before you leave the planet, your destiny is to achieve and lead others to a higher state of consciousness. To attain this, you must learn to forgive those who have hurt you in the past. You are strong and unflappable, and that is why people turn to you for leadership in a crisis. The downside of this is that you can sometimes seem unapproachable or even arrogant, but as we both know, you actually need and welcome love. Let people know when you need their help. It is okay to ask for it. As you grow, and learn to master a more balanced outlook on life, it is part of your destiny to teach others how to do the same.

*The Power Name Number is the sum of the Soul Number and the Personality Number added together and reduced to one digit. Power Name Number: The number represents the strength of your name. It is the most important number in your name.*

**Power Number 2:** The Power Name Number 2 is the natural social worker. You abhor conflict which explains why if people are feuding you want to resolve the situation quickly. You are kind and really want peace. Having a loving relationship is very important to you. If there is discord, you're unhappy and the pain is easily read in your eyes. The 2s are usually the soul of tact, and are often found in the role of mediators. The 2 does not seek the throne, but does very well as the power behind one. Advice to the 2 is to choose very carefully those you work for, as you can be taken advantage of.

## **INTERPRETATION OF NUMBERS BASED ON NUMBERS**

*The Life Path Number is the sum of the digits in a person's birth date, including the month, day and full year.  $0 + 1 + 0 + 9 + 1 + 9 + 9 + 9 = 38, 3 + 8 = 11, 1 + 1 = 2$*

**Life Path Number:** The number that you need to fulfill in order to be happy. It's the most important number in your personal numerology.

## Two Lifepath Number:

The 2 Life Path is someone who is seeking harmony in life. They are here to love others and to be loved in return. Music has an especially soothing effect on them; they are easygoing; if you want someone who is affectionate, you should seek a 2 Life Path number because they do like hugs and kisses. They need and give lots of love and affection. Unless all the other numbers in their chart discourage giving such absolute love, it is their natural way.

The 2s are mediators, they loathe conflict, and they will do whatever it takes to avoid it. If there are people in their lives who are fighting, they'll try to fix it. 2's also tend to be psychic, and they will have dreams that come true. They also experience déjà vu. It's never a problem for them to follow, a 2 doesn't have to be the leader. Because of their natural psychic ability, they tend to be good at Astrology, Numerology, Tarot reading, Tea leaf reading, and the I Ching. They make good counselors and social workers. These people have concern for others, enjoy their company, and don't like to be alone. They crave unconditional love and make great parents, the kind who tend to be friends to their children.

The 2 does not need the spotlight. They'll do the job. As a matter of fact, they are the people who would donate to a charity in secret. They would just do it out of the kindness of their heart. They need to bring people together and they're the ones to see when looking for anything from a dentist to a carpenter. They know everyone and love to help out. The only time 2s get angry is if they feel pushed or threatened. Otherwise, they're extremely good natured.

If you look into a 2's eyes, you can just see what good, kind people they are. That is just where they come from. The flip side of a 2 is that now and then you might meet a 2 who feels they do everything for everybody and they feel drained. Yet, if you know them personally, you may feel they are giving themselves too much credit.

I think it's important, when it comes to a 2, to keep in mind that they are here to love others and to be loved in return. If you work with them, they still definitely come through for you. The 2 has to be careful not to take on the problems of the people they love. My analogy for the 2 is that if they saw someone fall in a well and cry for help, the 2 would have empathy, but to, nevertheless, be able to stand back and say: "Okay, I'm sorry that happened, but it's still your problem. I'll help as much as I can, but I am not going to get in it with you." The 2 has to be careful not to place themselves completely at another's disposal, because eventually they will get angry

and resentful. They often worry about what others think of them, here's a reminder for all of us, but especially the 2: "What people think of me is none of my business".'

When the 2 is surrounded by emotional vampires who are taking all of their energy—it's okay for them to just walk away. Otherwise, what they don't deal with mentally will eventually attack them physically, and that's why a 2 Life Path can wind up with health problems. Easygoing as they usually are, when they get upset it's like a volcano erupting. When this emotional outburst is over, they will feel very drained, because anger is so toxic to the very essence of who they are. Because of this, 2s must be careful with whom they spend their time.

*Natural Match Numbers:* 2, 4 and 8

*Compatible Numbers:* 1, 3, 6 and 9

*Challenge Numbers:* 5 and 7

*The Attitude Number is the sum of the digits in the day and month of your birth date. When people meet you, this number is reflected in first impressions.*

### One Attitude:

The 1 Attitude is someone who doesn't like to ask for help. They are completely self-motivated. They usually have issues with their self-esteem; they just don't think they're good enough. That's why they need praise from others. If you believe in them, then there's nothing they can't achieve, if you don't they rebel. Examples: Elton John; Henry Ford; Barbara Streisand.

*The Birth Day Number is the day you were born. It is the way you look and how people will perceive you at first glance.*

Birth Day Number 9: The 9 Birth Day is perceived as a people person. The world looks to you for advice—strangers ask you for directions. Everyone is quite sure the 9 Birthday can help him or her. The 9 birth day exudes a confidence that makes people trust them completely, even with their innermost secrets. The 9 Birth Day can appear as being condescending, and must watch their delivery when communicating. The 9 Birth Day must establish health boundaries with their original family in order to stay happy and at peace.

## First vowel A: Vibration 1 - Independence

As are solid, sturdy people who seek honesty truth, and wisdom. The first vowel, the A, or 1, is a hard worker. They do a great job, but if they make even one mistake, they feel they have failed. If you say to the As, "You're doing great", they continue to give you greatness. If you criticize them, they will rebel. I know if there is a Mary reading this, she'll say: "Oh, my God, that's me!" So when you meet a person whose first vowel is an A, think: This person is independent.

## The Intensity Numbers

Look at the Intensity numbers as someone's hidden agenda. If you see someone's birth certificate, you see the day they're born, you see their name it's interesting; but if you feel there's something missing, you'll find it in the Intensity Number. It could be that final ingredient.

Intensity 1: tremendous awareness of self; strong-willed; you can lead and you never stop. It's a constant movement forward. What does it mean? I want to win, I like to win, I'm going to win. If I see several 1s in a person's name, I know they're competitive, no matter what their Life path Number. (4 x 1)

Intensity 3: The joker, celebrator of life; creativity is a big part of your life, you mix well, you're social; 3s enjoy people. The 3 intensity is playful - they never grow up; always a childlike quality in their eyes at any age. A 3 Intensity should be in any field where verbal communication is a prerequisite. (4 x 3)

Intensity 4: The 4 is the seeker of truth, and is all about teaching. They are opinionated and feel the need to express their opinion. They are the one to look for in terms of doing it right, but must be careful not to let all those great ideas die in their head. They have to put them into action. (3 x 4)

When comparing the B/C name with "Elizabeth" to the usual name, the 3 Intensity remains for both. With the B/C name, there is Intensity 5 which has to do with passion and wanting to party and enjoy oneself. The 5 intensity should be careful to avoid getting themselves in trouble. (4 x 5)

Note: This year, being 2009, is a "2" year. To determine Madisun's Personal year, we add the "2" to the Attitude Number 1 and that equals 3..

Personal Year of 3: The Personal Year of 3 is the time to look at your creative side. If you're a singer who never sings, it's time to go to a karaoke bar. If you never acted but thought you could, take an acting class. This year is all about expression, dressing up, being more glamorous, taking a chance, going to a restaurant you normally feel you can't afford, turning your humdrum life into a romantic, magical place. Living your life in a big way -- that's the Personal year of 3. A sense of humor is important because the 3 is the clown. If you're a normally quiet, introspective number -- a 7 Life Path number, for instance—you'll find yourself opening up and talking more in your Personal Year of 3. If you've married to a 7 who tends to be quiet, when the Personal Year of 3 comes up, know that there is more of a chance he or she is going to be verbally receptive you.

January Personal Month of 4: Take care of business to finish tasks. This is the month to be efficient so getting the job done will seem easier.

February Personal Month of 5: Keep your sense of humour and lightness. Excellent time to throw a party rather than make a commitment.

March Personal Month of 6: Family is most important during this month. Get back to the basics with family and home.
